

Easter Blood Drive BC — Give Blood, Share Love (Easter 2026)

Easter Blood Drive BC was officially launched on February 10, 2026. This movement began in Ottawa a few years ago, and a Toronto team was formed last year. Now BC is joining in—so that churches and Christians can **care for our community in a practical way** through blood donation. More details are available here:
<https://easterblooddrive.ca/>

Why donate?

Blood donation is a simple but powerful way to **love our neighbours and serve the community**. For Christians, it can be an action of faith—especially during Easter—offering something of ourselves so others may live. Patients need blood for surgeries, trauma care, cancer treatments, and ongoing medical conditions. The need is real and ongoing: Canadian Blood Services emphasizes that **Canada needs 450 new donors every day**, demand is projected to **increase by nearly 10% over the next five years**, and only **about 1 in 76 eligible people donate**.

How to join?

Sign up or log in to your personal account on the Canadian Blood Services mobile app or website. Join the “**Easter Blood Drive BC**” team. (You may join more than one team, and your donation will count toward every team you’ve joined.)

<https://blood.ca/PFL> (For details, please refer to the attached instruction guide/poster.)

Reserved spots at Oak Street (please book early)

Easter Blood Drive BC has reserved donation spots at the **Oak Street donation centre** on:

- **Friday, March 21**
- **Friday, March 28**

Please take these spots as soon as possible. Unfilled reserved spots will be released to the public on:

- **March 14** (for the March 21 slots)
- **March 21** (for the March 28 slots)

Join the Easter Blood Drive BC team, and all your donations at any CBS clinic or time in 2026 will count towards our team goal to demonstrate Christ’s love for the city.

Not sure if you’re eligible?

If you’re hesitating because you’re unsure whether you can donate—even if you’re taking medication, **you may still be eligible**—please check the Canadian Blood Services donor eligibility FAQs:

Am I eligible to donate blood?

<https://www.blood.ca/en/blood/am-i-eligible-donate-blood>

Eligibility: medications and vaccinations

<https://www.blood.ca/en/blood/am-i-eligible-donate-blood/eligibility/medications-vaccinations>

Let’s turn faith into action this Easter—join the Easter Blood Drive BC team and donate.
